

Monday October 2, 2017 / Lundi 2 octobre 2017		
	Exhibitor / Exposant	Title / Titre
10:45 - 11:00	Reinforced Earth	
11:00 - 11:15	Menard Canada	
11:15 - 11:30	Oasys Ltd.	<i>Boring Information Modelling – using BIM for tunnels</i>
11:30 - 11:45	AA Tech Scientific Inc.	<i>Non-destructive Pile Testing: Methods and Implications</i>
11:45 - 12:00	Rocscience	<i>Using Support Elements in Slide</i>
13:45 - 14:00	GKM Consultants Inc.	<i>GKM Consultants – Sound and Vibration Monitoring at Victoria Street Bridge, Kitchener Ontario</i>
14:00 - 14:15	SoilVision Systems Ltd.	<i>3D Seepage and Slope Stability Analysis of a Site Similar to Oroville Dam</i>
14:15 - 14:30	NAUE Geosynthetics Ltd.	<i>Validation of Performance of Geosynthetic Reinforced Unpaved Roads on Soft Subgrades</i>
14:30 - 14:45	Sobek Technologies	<i>Geotec: The power of a Database Driven Software in Geotechnical Engineering</i>
14:45 - 15:00	Maccaferri Canada Ltd.	<i>Basal Reinforcement - Rapid bridge replacement on Highway 417 / Kent Street, Ottawa</i>
15:00 - 15:15	Plaxis Americas LLC	<i>Latest Developments in PLAXIS</i>
15:45 - 16:00	Geotech AB	<i>GEOTECH NOVA: The modular system for CPTU, Seismic and Vane Testing</i>
16:00 - 16:15	Loadtest Inc.	<i>Managing Deep Foundation Risk with Loadtest Technology</i>
16:15 - 16:30	Solinst Canada Ltd.	<i>Compact Simple Telemetry for Water Level and Conductivity Dataloggers</i>
16:30 - 16:45	GeoStabilization International	
16:45 - 17:00	Measurand Inc.	<i>Introducing SAAV: Measurand's Most Advanced ShapeArray</i>
17:00 - 17:15	Titan Environmental Containment Ltd.	<i>Exciting Times for New Geosynthetic Products in Canada</i>

Tuesday October 3, 2017 / Mardi 3 octobre 2017		
	Exhibitor / Exposant	Title / Titre
10:30 - 10:45	GeoSolv Design/Build / Geopier Foundation Company	<i>Innovative Ground Reinforcement for Poor Soils</i>
10:45 - 11:00	DST Consulting Engineers Inc.	<i>A Road Map for Success: DST and 20 Years of Consulting Engineering in the Nation's Capital</i>
11:00 - 11:15	Plasti-Fab	<i>EPS Geofoam Products for Geotechnical Engineering Applications</i>
11:15 - 11:30	Canary Systems Inc.	<i>Benefits of Data Integration and Instrument Automation</i>
11:30 - 11:45	Layfield Environmental Containment	<i>Long Term Performance Testing of High Temperature Resistant Geomembrane</i>
11:45 - 12:00	UniSoft Geotechnical Solutions Ltd.	<i>UniSettle and UniPile: Software for Foundation Design and Analysis</i>
