

**70 Years of Canadian Geotechnics and Geoscience
70 ans de géotechnique et de géoscience canadiennes**

October 1-4, 2017, Shaw Conference Centre, Ottawa, Ontario, Canada

**GeoOttawa 2017
Exhibitor Information and Registration**

Please join us in Ottawa for the **70th Annual Canadian Geotechnical Conference and 12th Joint CGS/IAH-CNC Groundwater Conference**. The conference attracts geotechnical engineering and hydrogeological professionals from across Canada and around the world representing industry, academia, and government, and provides Exhibitors with an excellent opportunity to gain exposure of their organization to industry leaders and decision-makers within the geotechnical engineering community, and related professions.

Along with the traditional exhibitor trade show, **GeoOttawa 2017** will be hosting a special **exhibitor presentation session**, which will allow exhibitors to make a presentation during the conference. This presentation session was first introduced at the 2013 CGS conference in Montréal and received great feedback. A limited number of exhibitor presentation spots will be awarded on a first-come first-serve basis; please indicate your interest on the registration form and you will be contacted for further arrangements. Exhibitors incur no additional charge for participation in the exhibitor presentation session.

The **trade show** will open at 5:30 pm on Sunday, October 1 for the Ice Breaker and Exhibitor Reception and will come to a close after the afternoon coffee break on Tuesday, October 3.

Trade show booth allocation and exhibitor presentation arrangements will begin in January of 2017 after the trade exhibition space layout has been finalized with the hotel. As always, priority will be given to exhibitors who are also sponsors, then by payment receipt dates.
